**Clause 5.2.1**

5.2.1. Where required by the Access Code to submit a major augmentation, as defined in the Access Code, to the tender process set out in the Market Rules, a Network Operator must notify the IMO of the opportunity for network support generation or Demand Side Management to compete with a transmission or distribution upgrade. The notification must include:

- (a) a specification of the services that would be required from the facility, including:
  - i. the maximum active and reactive power quantities required, specified in MW and MVAR;
  - ii. the estimated number of hours per year that the services would be required; and
  - iii. the required period of notice to call upon the services;
- (b) the location at which the facility would need to connect to the relevant network;
- (c) the Network Operator's estimate of the costs involved in connecting a generation facility that could provide the services specified in (a) from the location specified in (b);
- (d) the date ~~time~~ by which the facility is required to be in service; ~~and~~
- (e) the Network Operator's estimate of the cost of an augmentation to the Network that would provide the services- ; and
- (f) the minimum period over which the services would be required, from the date specified in (d).

**Clause 5.2.2**

5.2.2. The minimum period over which the Network Control Service is required is the period specified under clause 5.2.1(f). ~~ten years from the date specified clause 5.2.1(d).~~ The IMO may at any time extend the length of the contracted period.
