Submission

1. Please provide your views on the proposal, including any objections or suggested revisions

The proposed change to the energy price limits in the Wholesale Electricity Market is a necessary and important step to ensure the market remains efficient and competitive. It will help to reduce the risk of price spikes and ensure that the market is able to meet the needs of consumers and generators alike. I support this change and believe it will be a positive step for the market.

2. Please provide an assessment, whether the change will better facilitate the achievement of the Market Objectives

The proposed change to the energy price limits will better facilitate the achievement of the Market Objectives by ensuring that the market is able to meet the needs of consumers and generators alike. It will help to reduce the risk of price spikes and ensure that the market is able to meet the needs of consumers and generators alike. I support this change and believe it will be a positive step for the market.

3. Please indicate if the proposed change will have any implications for your organisation, (for example changes to your IT or business systems) and any costs involved

Yes, no, or not applicable

4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed

Yes, no, or not applicable
