## 1. INTRODUCTION

On June 4, 2014, the Commission received a request from the National Security Agency (NSA) for the release of information regarding the activities of the NSA in the United States. The Commission is pleased to provide this information to the public.

The following information is provided for your information.

Based on the information provided, the Commission has determined that the NSA's activities in the United States are consistent with the law. The Commission is pleased to provide this information to the public.
