In this context, the IMO's draft Rule Change Report clearly states that "...committed Facilities

2. Please provide an assessment whether the change will better facilitate the achievement of the Market Objectives.

Market Rule 2.4.2 states that the IMO must not make Amending Rules unless it is satisfied that the Market Rules, as proposed to be amended or replaced, are consistent with the Wholesale Market Objectives. The Wholesale Market Objectives are as follows.

- (a) To promote the economically efficient, safe and reliable production and supply of electricity and electricity related services in the South West interconnected system.
- (b) To encourage competition among generators and retailers in the South West interconnected system, including by facilitating efficient entry of new competitors.
- (c) To avoid discrimination in that market against particular energy options and technologies, including sustainable energy options and technologies such as those phase 3 (4) T3 2016
