This notice of extension is given under clause 2.5.12 of the Wholesale Electricity Market Rules (Market Rules).

Submitter: Allan Dawson, IMO

Date submitted: 28 January 2015

Date of extension: 28 August 2015

In accordance with clause 2.5.10 of the Market Rules, the IMO has extended the timeframe for the publication of the Draft Rule Change Report for the Rule Change Proposal: Removal of Resource Plans and Dispatchable Loads (RC_2014_06) by a further 22 Business Days until **Wednesday 30 September 2015**.

Dates for subsequent steps of the rule change process have been adjusted accordingly.

Reason for the extension

The IMO has extended the timeframe for the publication of the Draft Rule Change Report by a further 22 Business Days, until 30 September 2015 to enable the Government to establish a new rule approval body as part of the Electricity Market Review.

Notwithstanding the extension date, the IMO will seek to publish this report as soon as practicable after the new rule approval body is established in order to minimise the impact of this deferral.
