

# Rule Change Extension Notice: Formalisation of the Process for Maintenance Applications (RC\_2015\_03)

Notice of extension given under clause 2.2 of the Electricity Market Rule Book

**Submitter:** The Energy MO

**Date submitted:** 2 March 2016

**Date of extension:** 2 June 2016

In accordance with clause 2.2 of the Electricity Market Rule Book the MO has extended the effective date for the publication of the Draft Rule Change Report for the Rule Change Proposal on the Process for Maintenance Applications (RC 2015\_03) until **Friday 30 December 2016**

Date for subsequent steps of the rule change process have been updated accordingly

## Reason for the extension

The MO has extended the effective date for the publication of the Draft Rule Change Report until Friday 30 December 2016 to enable the Government to establish the new rule approval body prior to the Electricity Market Review.

Notwithstanding the extension date the MO will publish the report soon after publication.

The new rule approval body established by the

the MO has not appropriate authority to progress the proposed rule change in order to ensure the speed of the deferral.

Further details relating to the Rule Change Proposal are available at [the Ofgem website](#)

## Proposed work program

- The MO present the draft decision on the Draft Rule Change Report
- The second consultation period held
- The MO present the final decision on the Rule Change Report

After the MO decision to approve the Use Change Proposal, the

- The MnTRC considers the Use Change Proposal and the proposed Amendment
- If approved, the Amendment is complete

Please note the steps required for the next step in the process of the

### Extended timeline
