

Information Sheet

Governance

Governance documents set out the purpose and goals of the Early Years Network and considerations for membership. They include the purpose, authority, accountability, and leadership of the Network.

Networks should adopt good governance practices:

- to provide the foundation for functioning and performance
- to provide clarity around expectations
- to preserve and strengthen stakeholder confidence
- to ensure the network is well placed to be responsive to community need

Governance includes:

- Terms of Reference
- Action Plan
- Meeting agenda and minutes

There are [templates](#) available for Governance documents.
