APPARATUS public art and cultural services Pty

Helen Curtis is the founder and director of art consultancy firm Apparatus, specialising in integrating art and interpretative design into built form projects. The firm values collaboration, good design, sustainability, and respect for people, culture, and the environment. It is a preferred provider of public art consultancy services to the State Government Percent for Art Program.

as a visual artist, in cultural heritage and her cross-disciplinary experience in urban design and planning, built form design, master-planning, working in Aboriginal engagement and public art and
