Further, extending the contracting period to cover the whole of the hot season, as recommended in Proposal 3, addresses the perceived problem of a misalignment between the contracting term and the hot season. Again, noting the extensive closures scheduled for the coming years, the remaining providers may not be able to individually meet the full commitment of the hot season.

If this period is too long for some providers, which would exclude them from offering the provision of service, consideration could be given to accepting proposals for entities that can only offer
